Class

History

Since there is one universal law to which every individual must bow during the course of his life, that law being that we must get older, I suppose it is only natural that we, the Senior Class of nineteen-hundred fifty-three find ourselves as such. Although a happy time for some and a sad time for others, the time has finally come when we must leave our school life behind. Yes, the twelfth rung of the ladder has been reached and as we prepare to leave this rung and start on our career, let us look back at the past twelve and bring to memory some of our school days.

In the fall of nineteen-hundred and forty-one, after receiving sore arms from vaccinations and chewing gum for not crying, twenty-six little creatures were led into the first grade to begin the first rung of the ladder. You can imagine what sights we were: Twelve little sunnyfaced girls in starched, stiff dresses and fourteen boys in short pants. Although we were as frightened as we looked, it didn't take us long to feel at home. Soon we became a little elated over just being there.

This attitude we held until the time came, as it does in every kid's life when he hates school. We took this disposition on fully, as may well be proven by asking any of our teachers at that time. Under their coaching and encouragement, however, we kept plugging along. After eight years of elementary school, we found to our dismay that we were growing up and soon would be in high school. Yes, eight rungs of the ladder were completed and the ninth was being looked forward to by all of us.

In the fall of nineteen-hundred forty-nine, we began our high school life with a total of forty pupils enrolled. Immediately, because of our looks and actions, we were labelled "Green Freshmen." Under the leadership of our advisors, Miss Juanita Bame and Mr. D. N. Jeffers, and president Peggy Lowrance, we completed our first year in high school. The biggest hit of the year was the initiation of the F.F.A. and F.H.A. members.

The following year found us as "Silly Sophomores", grown more in body; certainly not in mind. With an enrollment of thirty-two, and under the leadership of our advisor, Mr. J. C. Hawkins, and president, Farrell Brown, we completed a successful year. Athletics seemed to rule the highlights, with three girls and four boys earning letters in basketball. Also, three boys made the baseball team.

Next came our ''Jolly Junior'' year. With our advisor, Mrs. W. L. Johnston and president Peggy Lowrance, we started out the year with a total of twenty-three. Immediately, we started working on our Junior-Senior Banquet, given in the spring, and our Junior Class Play, the first given in nearly a decade. During the winter three girls and three boys were repeaters on the basketball teams and five boys made the baseball. Also we were proud of Gilda Owen, who became a member of the Beta Club.

At last we were in the twelfth year. Yes, the twelfth rung of the ladder was reached. With a total of twenty-three, we realized this was our last year in school and immediately started on our two main projects, presenting our class play and publishing our annual. We received our rings in the early fall and during the winter three girls and five boys made the basketball teams. Five boys again earned baseball letters and seven members of the class were received into the Beta Club.

And now as we the Senior Class of nineteen-hundred fifty-three prepare to leave Mt. Ulla High School, we can truthfully say that our years here have been happy ones. Yes, all the rungs of the ladder, from the first to the twelfth have left many memories which will never be forgotten. And this we can say to all under-classmen, from the first to the eleventh, that school days are the best days and those that should always be used to the fullest advantage. With this and our thanks to all our teachers, we say "Goodby."

Farrell Brown, Historian

and Testament

We, the seniors of the class of 1953, being of strong bodies, superior intelligence, and unmarred consciences, endeavor to leave to the underclassmen of Mount Ulla School certain traits and reputations never before acquired in the said institution. Realizing that our achievements have been outstanding and beyond reproach, we ask that they accept these characteristics generously bestowed upon them.

First to our parents, for their loving care and faithful trust, we leave our hopes that our lives may be assuccessful as their fondest dreams would have them be.

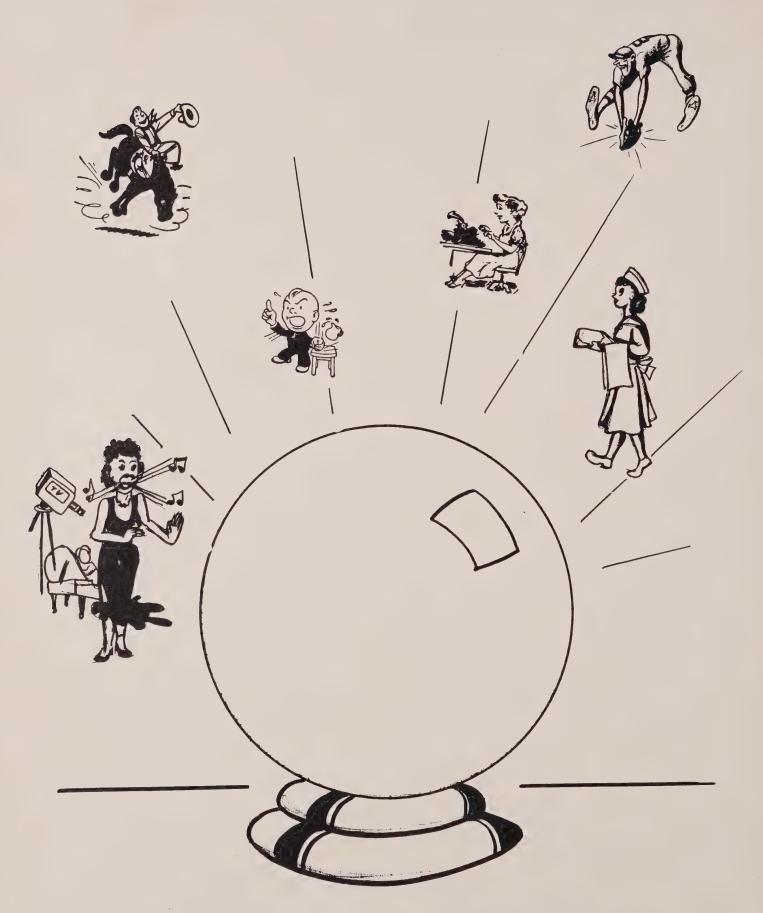

Second, to Miss Ina Stevenson, Mr. C. L. Barnhardt and the entire faculty, we leave our thanks and appreciation for their kind efforts and lasting patience, during the past years.

Third, as individuals, we leave this, our Last Will and Testament.

- I, Ernestine Owens, will my interest and ability to play basketball to my "little" brother, Edwin.
- I, Barbara Blackwelder, will my love for a good time to Gaile Lowrance, hoping she will enjoy her school days as I have.
- I, Peggy Lowrance, will my hopes of being a farmer's wife to anyone who is that fortunate.
- I, Shirlene Edwards, leave my love for skating to my little brother, Steven.
- We, Farrell Brown and Wayne McWilliams, will our ability to have fun and yet keep our heads above water to Jackie Anderson and "Red" Rex.
- I, Donald Meadows, will my love for baseball to my little brother, Franklin.
- I, Gilda Owen, will my love for sports (especially basketball) to Jo Carol Graham hoping she will respect it as much as I do.
- I, Grady Hall, will my ability to get along with all the girls to Bill Graham.
- I, Charles Cline, leave my ability to get along with everybody to anyone who need? .
- I, Paul Graham, will my love for sports to Jackie Anderson.
- I, Phillip McNeely, leave bus 22 to Bill Edwards hoping he can get it to run faster than I have been able to do.
- I, Jack Winecoff, will my ability to go stag to Harry Kerr.
- I, Irene Hart, will my geography book to anyone who wants it.
- We, Jean Karriker and Barbara Heglar, will our undying friendship to Becky Starling and Judith Brown.
- I, Nancy Connelly, will my quietness to Carolyn Call
- I, Mark Coble, leave my favorite hobby, teasing girls, to Jackie Anderson.
- I, George Kerr, will my ability for having a good time in school and getting by with it to Don Parker.
- I, Jimmy McBride, will my ability to have a good time in school and get by with it to my brother, Don.
- I, Naomi Reaver, will my ability to eat all I want and not gain a pound to Betty Faye Childress.
- And I, being of sound mind and body, do hereby affix my signature to this, the Last Will and Testament of the class of 1953.

Bill Lefler Lawyer

What's Your Fortune!??

Prophecy

September 30, 1952

Dear Ernestine,

How good it was to hear from you! I am very appreciative that you took time off from your busy job of nursing to write me. You asked about our former classmates and after making a very special effort I have some interesting information concerning each one.

Barbara Heglar and Naomi Beaver, both married shorlty after graduation. They are now living in Mount Ulla which is one of the largest cities of the South.

Grady Hall is head coach at Duke University where Farrell Brown is a very famous History professor.

Bill Barber is an outstanding beef-cattle man, who ownes 50,000 acres of land and several thousand head of cattle.

Bill Lefler just recently erected a construction here. He certainly has a capable secretary--Barbara Blackwelder--a graduate of King's Business College.

Shirlene Edwards married a millionaire and is living near Charlotte in a huge mansion. She invited the Seniors of '53 to visit her. Wish you were here to go with us.

I suppose you knew that Gilda Owen has been very successful in her work as a missionary in the foreign fields.

Charles Cline, owner of the Cadillac Motor Company of Mount Ulla received a great shock when one of his cars was stolen. But under the careful supervision of Jack Winecoff, who is now a New York detective, he recovered it.

One of Mount Ulla's most exclusive hat shops is owned by Nancy Connelly and her husband.

I'm sure you've heard of the newly erected movie studio in Hollywood, haven't you? Mark Coble is one of the most important producers employed there.

Paul Graham, a pilot for Eastern Airlines, arrived home yesterday from his trip around the world. He has been awarded a citation for safety.

A very exciting event happened here today. Jimmy McBride, who is a candidate for Vice-President of the U.S. and is making a tour of the South, made a "Whistle-Stop" at Mount Ulla. He received a very cordial welcome from the mayor, George Kerr and many of his old school friends.

Philip McNeely and his wife are owners of the largest restaurant in Chicago.

Irene Hart and her husband are famous stars of television.

Speaking of television, Wayne McWilliams has a Sports-Review program of his own. He also writes for the New York Times.

Donald Meadows is known world over for his great ability in playing baseball. He is now manager for the New York Giants.

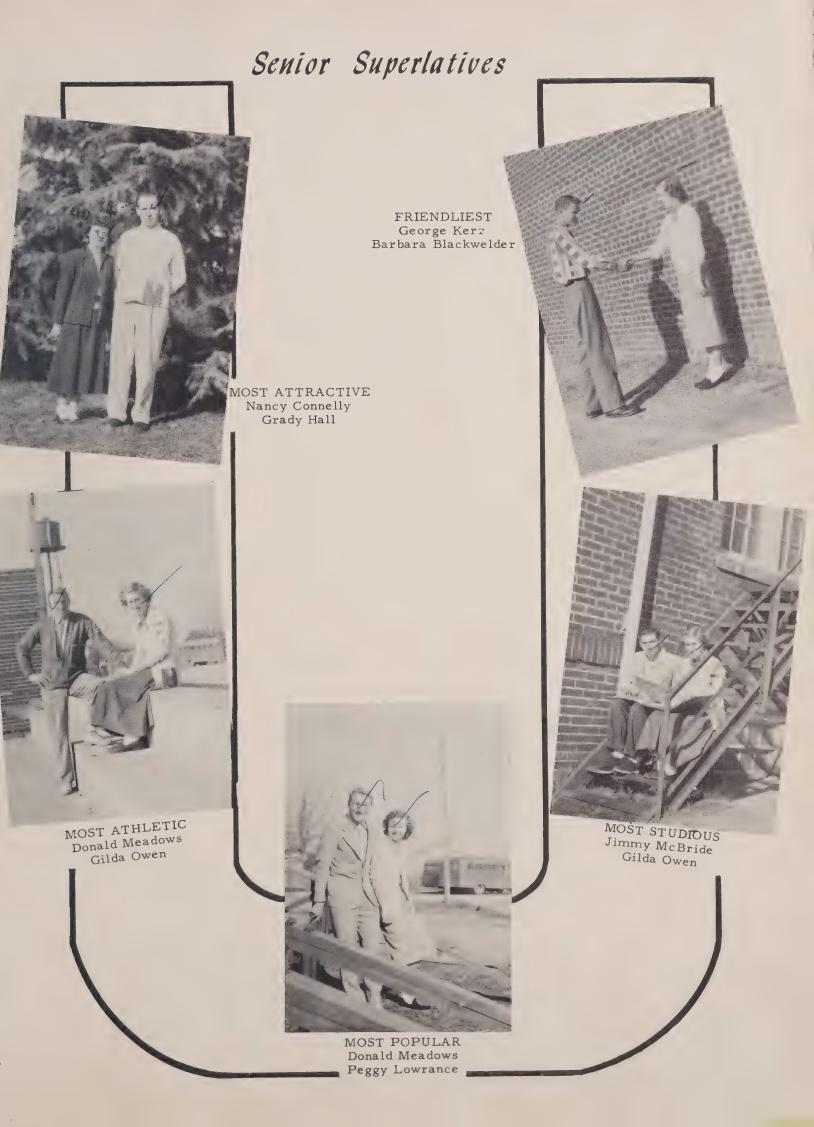

I know you'll be thrilled to hear this since Peggy Lowrance was one of your best pals in school. She married the Cress boy and is now majoring in housekeeping and baby-sitting for her little red-headed twins.

I'm writing during work hours, so guess I'd better close. The Boss just called me to take some dictation.

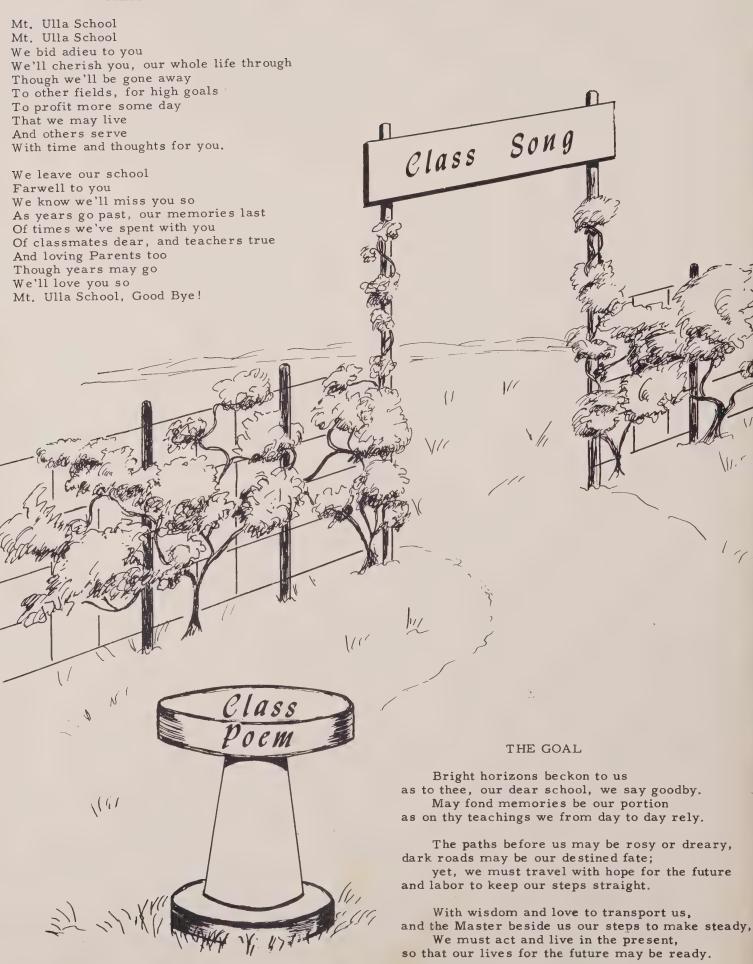

If you're ever in town, I'd like very much to see you.

Sincerely, Jean Karriker, Prophetess

There is a Future in TEXTILES

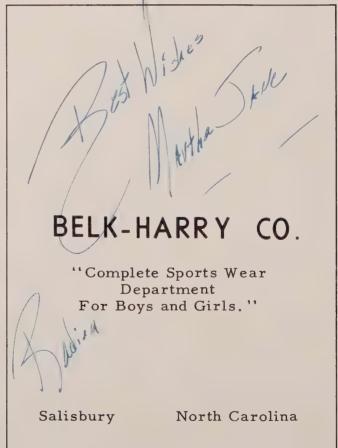

The world's oldest manufacturing industry--textiles--is today one of our most exciting and challenging industries, producing revolutionary textile products with qualities which men have sought for centuries. Man-made fibers, new products of the chemist's test tube, have been a major contributor to this textile progress. During the past 29 years Burlington Mills has grown from one plant with approximately 200 employees until today it is a leader in the development and production of beautiful, durable and high quality filament, spun and knit synthetic fabrics. If you are a young man or woman looking for a place in industry, we think you should consider textiles--and Burlington. It can hold a bright future for young people with willingness to learn, ability to work and a natural interest in this fascinating and competitive field.

Your Teachers Had One Purpose

Serving the Piedmont Carolinas.

Now that twelve years of lessons are behind, your teachers will probably admit it! There was just one big lesson they set out to teach you - that is, believe in yourself.

Self reliance, confidence, and initiative have made the Piedmont Carolinas one of the finest places you could possibly live and work in. So . . . congratulations, boys and girls. The stage is yours!
